**Why Mutual of Omaha works with Bellevue University to offer valuable education services.**

“Mutual of Omaha prides itself on promoting a learning culture. We have implemented several programs designed to encourage our associates to continue their learning, whether through formal education, industry education, internal course offerings, or applicable experiences.

We worked with Bellevue University to make university education more accessible to our associates. Bellevue University supports our tuition reimbursement program, offers courses that work for working adults, and degree programs that are relevant to careers.

Our hope was that our associates would take advantage of this benefit, and they have! We have had more than 25 individuals graduate from Bellevue University through this program and another 75 are currently enrolled. Our associates are appreciative of the opportunity, resources, and connection Mutual of Omaha provides through this relationship with Bellevue University.”

**REAL LEARNING FOR REAL LIFE**
